Fort Henry Guard Club of Canada

President's Message

At the time of writing this I am looking at the bold headlines on the front of the last issue of the Guardsman. They say "Rally to the Defence of Fort Henry", "Fort Henry Under Attack" and "The Battle to Save Fort Henry Has Begun". It is now apparent that Fort Henry will be around for a long time. However, let us now add the word Guard after the words Fort Henry and you will see the crisis in which we will be involved over the next six months. Yes, the existence of the Guard as we knew it is in danger. So now, the headlines should read "The Battle to Save the Fort Henry Guard Has Begun".

In summary, the Guard numbers have been reduced from 78 in 1995 to 50 in 1996. The number of domestic interpreters has been maintained at around ten. In 1992, there were 140 Guard members! The SLPC blames the decrease (in student employees) on budget, but there appears to have been a conscious effort over the last few years not to fund the major role of the Guard in the operation of the fort. The fact is that attendance has dropped from 160,000 in 1992 to 123,000 in 1995. Also, the hours of operation have been reduced from 9:30am - 9:30pm to 10:00am - 5:00pm.

In April, the Kingston and Area Economic Development Commission (KAEDC) beefed up their involvement in the fight to save Fort Henry. The organisation had just achieved success in orchestrating a plan to keep CFB Kingston from closing. KAEDC has formed a Fort Henry Working Group to assist in the saving of Fort Henry. The members are, in part, representatives of the City Chamber of Commerce, Pittsburgh Twp, the Department of National Defence, Royal Military College, OPSEU, SLPC, Fort

Henry and yours truly representing the Guard Club. It is the overall consensus, perhaps with the exception of one or two, that the Guard must not only be retained but increased as soon as feasible towards its former size.

One of the items currently being considered is a fund raising effort by the Guard Club to supplement the 1997 Guard complement over the current base of 50. It has been established that the Fort, for every \$7,500 received would hire an additional Guard. A receipt would be issued for income tax purposes. The conditions and obligations of all parties have to be determined and agreed upon prior to this becoming a formal fund raising effort. Obviously, members would have to assist in obtaining corporate support and corporations may wish to have some other benefit in addition to the tax receipt. The SLPC has already started to make presentations to major national branded companies and has an objective of raising \$250,000 in 1996. Only 20% of this will go to Fort Henry for general purposes. If you work for a corporation who would like to become involved, 100% of the donation will go to support the Guard. More to come later.

The SLPC has approved a 5 year Corporate Plan to increase revenues through tourism activity. They have realigned their operations into four major destination areas. They are Fort Henry, 1000 Islands Parkway, Crysler Park (Upper Canada Village), and Long Sault Parkway. At Crysler Park, they will build a recreation/entertainment complex including batting cages, an arcade and an 18 hole miniature golf course near Upper Canada Village. The SLPC has hired an outside consultant to create a new Master

Plan for Fort Henry. Believe it or not, it includes a Hotel, Marina Complex and residential development near the rear Martello Tower and residential development by the west ditch. Fortunately, we hope, this type of development is not viable. It is incredulous to destroy the integrity of this national historic site. We hope the DND and the Minister will not approve of such activity. Write to your MPP and MP now to voice your objections. Write to us to let us know your concerns.

Other items - The 1996 travel guide for the SLPC no longer features photos of the drill squad nor the drums, nor does the Guard receive more than a mere mention. In the 1995 version, there were three photos. The SLPC employs ten people in their Marketing and Communications Team and have opened a new office in Cornwall for this Customer Service Unit.

We agree that the extension and addition of new activities at the Fort should benefit tourism in the area, however we are concerned that the Guard is not receiving its fair share of financial support from the SLPC.

There is a Grand Military Tattoo and Sunset Ceremony (the only one of the year) on July 20th, featuring the Ceremonial Guard Band from Ottawa, the Queen's Own Rifles Band from Toronto, and the Fort Henry Guard. Reserved seats on the balcony are available for \$20.00 (Contact Fort Henry (613)542-7388 for more info)

The U.S. Marines have been invited back to the Fort and have graciously accepted. The dates are August 10 and 11 with an additional performance by the

Letters to the Editor

Dear Chuck,

Interesting times for you to be President. I'm sure your mail is full of correspondence regarding the last issue of the Guardsman, and its coverage of current problems with the St. Lawrence Parks Commission. I'd like to offer my support in your efforts to preserve Fort Henry and the Guard for the education and enjoyment of future generations. Our responsibility as Guard Alumni is to ensure that Ronald Way's vision of living history at Fort Henry is perpetuated. Our duty to his memory, and to the work of many who have followed him, is to keep that vision safe from bureaucratic ineptitude and neglect.

Having Fort Henry made a National Historic Site, under the jurisdiction of Parks Canada would appear to be the preferred approach. I think a compelling case for this, based on the Fort's critical role in Canadian history, can be made. Certainly, if the St. Lawrence Parks Commission persists in its theme park mentality, this may be the only way to preserve the historical integrity of both the Fort and the Guard. With John Grenville's leadership, local and federal political support, and vocal input from Guard Alumni, considerable focus on this issue could be developed over the next few months.

Peter Milliken (MP Kingston & the Islands, Liberal) is aware of the importance of Fort Henry to the local economy and I would hope he could assist our efforts. On the other end of the political spectrum, Hugh Segal has never shrunk from expressing his views, and is someone whom I believe to be a strong supporter of the Kingston area, and the preservation of historical architecture. Fort Henry is a critical part of both. Also, the Honourable Hal Jackman, current Lieutenant-Governor for the Province of Ontario (and Honourary Guard Commander) has developed an affinity and respect for the Guard and its traditions because of his active involvement in the Armstrong Gun Restoration Project. Perhaps his influence could be discreetly used to influence the National Historic Site / Parks Canada initiative.

On the issue of creating an affiliate member category in the Fort Henry Guard Club, I'm in agreement with this as a means of broadening our fee base and bringing new ideas to the Club activities from people who have an interest in the Fort and the Guard, but heretofore have been excluded from participation. Full membership should be reserved for those holding FHG numbers assigned during active service, or granted on an honourary basis.

I believe it is critical for esprit de corps and the perpetuation of Guard traditions that a high level of public visibility be given to the drill and tactics displayed during the Sunset Ceremony. At least one show per week, along with a reasonable slate of off-site events which profile the Guard and promote the Fort, is required for this to occur. Fort Henry is known both nationally and internationally because of the Guard, and the level of professionalism and pride it has embodied since inception. It is through continued regeneration of this excellence that those privileged to serve have gained invaluable leadership experience, and those lucky enough to watch a good performance, come away with a strengthened sense of pride in their country and its history. This public relations value alone makes the cost of selecting, training, equipping and supporting each generation of Guard members a bargain. A review of any Auditor General's report - federal or provincial - will show that we'd be lucky if all our tax dollars were used as wisely. Aside from all the other arguments, supporting the Fort and the Guard just makes good business sense. On this basis, the hope of all Guard Alumni can be achieved - to see Fort Henry and the Fort Henry Guard continue to prosper and in doing so to perpetuate enduring traditions which include an international standard of drill which is unique in all the world.

For me, and for many others, summers in the Guard represent an important life experience. As time passes what remains of these memories is an

Hello Club Members,

... After my final year at the Fort in 1989, job prospects were dismal but I approached the Canadian War Museum about employment opportunities. It was suggested that I study art conservation, so I enrolled in a 3 year program at Sir Sandford Fleming College Peterborough. Upon graduation I was on contract at the National Museum of Science and Technology until the budget cuts last fall, when over 30 contract positions at NSMT were terminated. For the past year, myself and a partner have been developing our own conservation and restoration business. I have specialised in industrial conservation and have worked on some very large and interesting projects including steam locomotives, railway passenger cars, military vehicles and

agricultural equipment. I consider myself lucky, especially with today's economy, to be paid to practice skills that I would do anyway as a hobby.

In October of 1994, I had the good fortune to be married to Daniela Kolbach of Berlin, Germany and we are now living 25 minutes east of Ottawa, just outside the village of Limoges with Sam and Jasper, our 2 year old border collies.

I often think back to my 3 years (87-89) at the Fort and remember the people and incidents that I will continue to remember for a long time. I would like to thank the club executive for their hard work which allows us all the opportunity to stay in touch with one another as we pursue our different goals.

Ed Bowkett, FHG 1382

Dear Gary, (Clarke, SLPC Chairman)

Is it true the St. Lawrence Parks Commission is even contemplating closing down the Fort Henry Guard!

When I received my recent copy of the Guardsman, as a former member of the Guard, I was surprised to learn that there is still consideration being given to sacrificing the Fort Henry Guard for budget considerations. As one who participated in the Fort Henry Guard form 1964 to 1967, I came to appreciate how great a contribution the Guard makes, not only for tourism in the Kingston area, but also in promoting a positive image of Canada through participation in events with the U.S. Marine Corps or at the Royal Tournament in London, England.

Please know that there are many people such as myself who value the contribution that the Guard continues to make. As difficult as it is to balance the books during these difficult times, there are significant offsetting benefits that will more than justify the continuation of Fort Henry as one of Eastern Ontario's most dynamic tourist attractions.

I sincerely hope that the crises for the Guard is over and that we can look forward to a continuing, strong Fort Henry in 1996 and the future.

Kindest personal regards, W. Donald Cousens, FHG 466, Mayor of Markham, Ontario

R & R With the Registrar

We, the current year executive, have been very gratified by the letter and membership support you have offered this year, especially during this latest "Budget - Guard program" crisis. We're less alarmed by the "numbers argument" over the Guard than we are by the lack of emphasis on a quality Guard program by current administration. We know from our experiences in the sixties and seventies, that a limited Guard number and a larger visitation can be balanced to produce a crowd-pleasing, quality program, if such an emphasis is encouraged.

The 1996 membership total is 435, even with the tardiness of this second reminder. This was caused by a so-fardeveloped local initiative toward supporting the fort program, which we

wanted to report, and by a surprising quorum problem at the last few executive meetings, where AGM plans went undeveloped and which must be outlined in this newsletter.

We DO have a solid core of support. We list 182 former guardsmen/cadets who have given Club membership support for at least ten years and 280 who have been club members for as many years as they were eligible (44 for nine years).

My file of previous newsletters (collected and saved from several sources) is quite complete, but does have some missing issues, particularly in the earlier years. If you have a newsletter for any of the following dates, please send it (or a copy) to me. I would greatly appreciate the chance to get and maintain a complete

volume set. The issues in question:

- 1. Reunion Newsletter/Registration for 1968
- 2. 1984
- 3. 1985, 86 or 87 (I have a 4-1; is there a 4-2?)
- 4. 1989 (Is there a 5-2?)

I'd particularly like any lead on 947 Greg Hunt, 610 John Spero and 618 Alan Gratias. I hope the "Where They Are Now" charts are renewing some memories and maybe some re-contacts. Please pass on any information (my new phone number 613-544-0759) on names with incomplete or inaccurate current data.

USMC Colonel Crawford Gets Kudos From the Corps

Col. Truman W. Crawford, FHG H25, Commanding Officer/Director of "The Commandant's Own," The United States Marine Drum and Bugle Corps, received the Legion of Merit here (Marine Barracks, Washington, D.C.) March 29, 1996. Crawford was presented the award for meritorious service from February 1984 to October 1995.

He has directed the unit at over 100 commitments per year, including four Presidential Inaugurations, numerous visits by heads of state, and various ceremonies in the national capitol area. In April 1977, Crawford was awarded a Presidential appointment to the rank of captain in a special ceremony. In August 1982, he was promoted to the rank of major, in 1989, promoted to Lieutenant-Colonel. In September 1995, he was promoted to his present grade of Colonel.

During Crawford's tour at "8th & I", the Drum and Bugle Corps has been the

recipient of a Navy Unit Citation and five Meritorious Unit Citations in recognition of their uncompromising dedication, loyalty and skill. Crawford's prominence in the music field is reflected in the countless requests for his services as an instructor, arranger and adjudicator. His accomplishments have resulted in his being awarded many numerous honours, awards and accolades including the Meritorious Service Medal, the Navy Commendation Medal, and the Navy League of the United States Scroll of Honour.

Crawford's versatility is reflected in his volunteer activities which include working with underprivileged children, coaching basketball and youth hockey.

Colonel Crawford is married, has four sons and presently resides in Stafford, Virginia.

Congratulations from the Fort Henry Guard Club of Canada!

Hey! QM! My head's cold !!

Dear Sir.

Could I trouble you to check on the FHG cap portion of my order? You will appreciate that part of my reason for ordering the cap is the need for protective covering of the most sensitive exposed part of my anatomy, namely, my head. Like many other men at the male menopausal stage, I am watching and waiting with interest the biological and heritage fight occurring between greying hair and hair loss. So far it is a draw. I am quietly awaiting that the colouring and not the hair loss wins out. Now you will know why the cap becomes important.

Having also extended my membership I will not now be embarrassed to wear the FHG logo when it arrives. With best personal regards, I remain,

THESE LISTINGS HAVE TWO MAIN PURPOSES - TO REMIND YOU OF THOSE MANY FORT CO-WORKERS AND THAT MAYBE THEY'RE NOW CLOSER TO YOU (OR FARTHER) THAN YOU'D IMAGINED. WE HOPE THAT SOME OF THESE RELATIONS MAY BE REKINDLED BY SOME FORM OF COMMUNICATION. IF MORE DETAIL IS NEEDED MAYBE I CAN HELP - I GUESS I WOULD HOPE THAT MISINFORMATION IS CORRECTED AND ANY DETAIL TO HELP LOCATE ANYONE WOULD BE FORWARDED. MY PHONE NUMBER IS (RON KIRKWOOD) @ (6 I 3) 544-0759 (COLLECT IF NEEDED) *SIGNIFIES THAT THEY RECEIVE THE NEWSLETTER
